

How to register your laptop using UC Irvine Mobile Access (visitors and attendees)

This document will allow you to register your laptop using the UC Irvine Mobile Access Registration website. This access will give you Internet (HTTP and HTTPS) and Email (IMAP and Authenticated SMTP) access for 24 hours. Re-registration is required for any time longer than 24 hours.

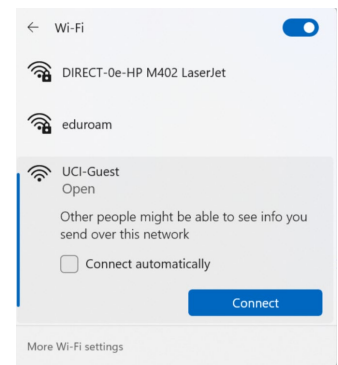

Please note that any **Peer to Peer (P2P)** application such as LimeWire, Bittorrent, and other file sharing programs are prohibited and subject to immediate disconnection from the UC Irvine Mobile Network.

Instructions:

Make sure your laptop is connected to the **UCI-Guest** Wireless Access point.

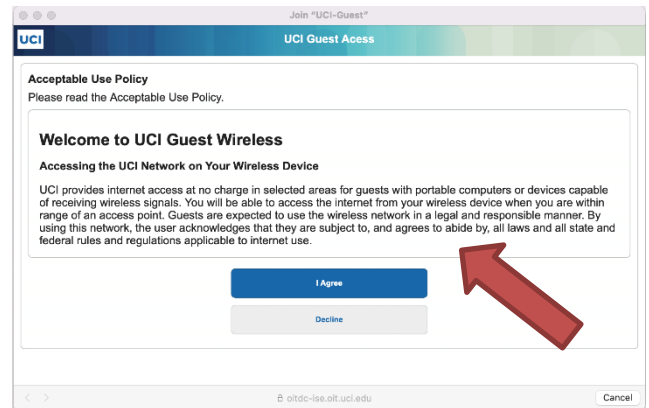

Macintosh

PC

A new window will appear with the **Acceptable Use Policy**:

Please read the policy and select **I Agree**.

Once complete click on **Done** at the bottom right. You are now connected.

Please note that registering your laptop may take **up to 15 minutes** before Internet access is available.
